

Marietta Daily Leader.

THE ONLY ASSOCIATED PRESS REPORT IN MARIETTA BY PRIVATE WIRE.

VOL. VII-NO 167

MARIETTA, OHIO, SUNDAY, JULY 14, 1901.

TEN CENTS A WEEK

YOUNG

Byers of Williams-town,

THE ROOM MATE

Of Glenn, was on the Witness Stand.

THE RICHARDSONS ARE SUED

By the Prisoner for \$50,000 for an Al- leged Kidnaping.

By Associated Press.

Parkersburg, W. Va., July 13.—A suit has been filed by attorneys for Ellis Glenn against Wm. Richardson and Julius Richardson, his son, for damage to the amount of \$50,000 for the alleged kidnaping of Ellis Glenn from Hillsboro, Ill.

Several important witnesses were examined today for the state and they all declared that the prisoner was Bert Glenn.

The question that the public is having trouble with now is whether or not the defendant has false teeth. Every witness today said she had. Nobody but the lawyers for the defense and Ellis Glenn can state otherwise, which of course, they have not done. The most important witness today was J. C. Jayne, of Hillsboro, Ill., who stated that the prisoner frequently talked to him about Williamstown, W. Va., and Marietta, O. It is now thought that it will take at least two weeks more to finish the trial.

HE SLEPT WITH GLENN.

Ernie Byers, of Williamstown, said he knew a person by the name of Glenn at Williamstown in 1896 and 1897. The prisoner at the bar, he said, was the same person as Bert Glenn. Staid in the same house and room with Glenn and slept with him for about three months. Sometimes he went to bed first, and sometimes Glenn went to bed first. He usually got up first. Glenn wore men's clothing outside the room. Glenn had appeared before him stripped to his or her underclothing. Saw Glenn frequently in underclothing. The underclothing was loose fitting like other men's underclothing. Glenn had false teeth. Saw Glenn cook potatoes.

Cross-examination—Prisoner said he was 19 years of age, but hadn't been around the world a great deal. Glenn cooked a chicken when she came down to his father's farm. Glenn never slept sleep with anyone else at Byers' hotel except himself. Glenn never slept with his father, M. J. Byers. Slept with Glenn for three months, but did not know whether she was a woman. He had no idea then that Glenn was a woman. Didn't know that he could sleep with a woman for three months and not know it. Knew of Glenn doing carpenter and other work. Glenn and himself went to Marietta frequently and had drunk together and were in houses of ill repute together, merely drinking there. Glenn was not absent from him with any of the girls. Both visited Leasure's and Snyder's; merely went there to look around. Never knew of Glenn going in bathing, never saw him shaved by anyone. Never knew of Glenn having lived in Marietta. Glenn was a favorite with the young ladies of Williamstown, courted them and took them driving. If Bert Glenn was a man and the prisoner is a woman, the witness said they must be different persons. Glenn and I always dressed before we washed. Slept together in our underclothing and without any cover, but did not notice whether it was a man or woman. Saw the wound in Glenn's hand and explained it. Don't know how it happened or who was present. Think he had his hand in a sling. Had an upper set of teeth and think he had a lower set. Even if the prisoner has natural teeth, the prisoner said that he would still believe that the prisoner was Bert Glenn. Bert Glenn was not lame nor

was one leg shorter than the other, even if the prisoner's one leg is longer than the other and that if Bert Glenn was a man and the prisoner a woman, the witness said they were both the same person.

Several times during the morning the spectators laughed aloud at portions of the testimony, especially when young Byers was on the stand. Judge Stapleton admonished them and stated that no levity would be allowed, as this was no circus but a court of justice, and order would have to be preserved or the spectators would be excluded from the court room. The offense was repeated shortly afterward and the court ordered the rear of the room cleared, which was done, but it was not long until they were all back again.

Spectators who noticed the prisoner when Ernie Byers took the stand saw her face flush and an amused twinkle in her eye, and the young man's face was also flushed. Several times while the witness was being examined the prisoner whispered to her counsel. It was a trying ordeal for the young man and he was compelled to tell things that he would no doubt rather left unsaid.

Hinsay Resigns.

By Associated Press.

Chicago, July 13.—John A. Hinsay, the Imperial Prince of the Dramatic order of the Knights of Khorassan, the pleasure seeking branch of the Knights of Pythias, resigned his position this afternoon. He stated that he did so believing it best to relieve the order of any embarrassment from the publicity given to an attack made on him in connection with the endowment rank matters.

Weather Forecast.

Ohio—Fair and warmer Sunday. Monday fair, light east to southeast winds.

West Virginia—Fair Sunday, warmer in eastern portion Monday, fair easterly winds.

WATER

Supply of Western Cities is Very Short.

By Associated Press.

Topeka, Kas., July 13.—The suffering in Kansas from prolonged drought is now more intense than ever and no relief is in sight. The fire departments in Topeka, Atchison, Emporia, Lawrence and other larger cities have addressed appeals to the people asking them to shut off all hydrants whenever the fire whistle is blown, so as to give a proper amount of pressure on water mains leading to the fires. There is not a city in the state which is tonight able to cope with a fire.

Reports from country districts tell that all streams are running low. Mills and electric light plants run by water power were forced to close. Most ponds have been dry for two weeks and the question is where to obtain water for stock, one of the most important propositions that has confronted the Kansas farmers for years.

Reports from 24 Kansas counties tonight, mostly in eastern and central parts of the state, indicate that the corn crop is not so badly off as hitherto published. The late product has not yet begun to tassel and the general verdict is that it is standing the heat remarkably well and with favorable weather conditions a half crop would be obtained in these counties.

PASSENGER

Train and Meat Train Collide; One Killed.

By Associated Press.

Kansas City, Mo., July 13.—South bound passenger train No. 1 on the Kansas City Northern connecting railroad collided with an extra Rock Island meat train at Rock Island crossing near Weatherby, Mo., this afternoon, killing one man and injuring six others.

The passenger train was composed of a baggage car and one coach. The Rock Island engine struck the center of the passenger train, ditching both cars, but the passenger engine was not injured. The engineer and fireman on the freight train jumped and no one on the freight train was hurt.

FLIGHT

Of a Woman and Her Children

ACROSS THE SEA

That She Might Escape the Court's Orders.

SHE IS THE DIVORCED WIFE

Of Dan B. Hanna, a Son of Senator Hanna of this State.

By Associated Press.

New York, July 13.—Mrs. Mary Harrington Hanna, who obtained a divorce from Dan B. Hanna, of Cleveland, three years ago, sailed today for Europe on Campania with her three children. Hanna is the son of Senator Hanna.

The young woman succeeded in boarding the Campania and in remaining hidden until it was too late to serve the writ of habeas corpus requiring her to produce her children in court on Monday next. This writ was obtained after the service of a similar one had been avoided in Ohio. Both writs were issued upon application of Hanna, who did not wish the children taken to Europe.

Hanna arrived in New York this morning and obtained from Justice McAdams a writ of habeas corpus commanding Mrs. Hanna to produce the children in court Monday.

As soon as the writ was obtained Hanna and a detective went to the Saveri Hotel, where Mrs. Hanna and several friends had been stopping. There they learned that the entire party had left the hotel early this morning and it was reported that they had sailed on the Menominee.

On hearing this Hanna went direct to the Atlantic transport dock where he was told that his wife had not sailed on the Menominee. Then he went direct to Cunard, where the Campania was being made ready to sail. Hanna and several detectives searched the ship and found rooms 4, 5 and 6 engaged by Mrs. Hanna, also that her name was stricken from the passenger list. Her maid was aboard and all her baggage was on the steamer's deck.

Upon arriving at room 6 detectives found it locked and guarded by a member of the ship's crew. As no criminal offense was charged, the detectives did not dare break into the room. About half hour before the Campania sailed, Hanna left the ship and dock. A reporter says he saw Mrs. Hanna in room 6 and the detective corroborated the statement.

City Mission.

About six months prior to a meeting held the last Friday in June, 1900, the "Mission" was opened to test the matter relative to the needs and success of such an undertaking. At this meeting the outlook was discussed and all the pertinent matters fully considered. The situation, past, present and future, was talked over, the pros and cons entered into. Then the question, "Shall the Mission meeting be kept up" was voted on and passed unanimously. There were present some twenty-five or thirty persons, all deeply interested in the work. A board of managers was elected as follows:

Chair, A. B. Bouquard; Rec. Sec. Frieda Wittig; Treasurer, Chas. H. Newton; Mrs. Nan H. Dye, Press Committee; Mesdames Webster, Turner, Blum, Ogle, Swingle, Beagle, Miss M. Putnam, Mr. Decker, Mr. Menke and Mr. Clogston.

In the absence of the chairman Mrs. Dye filled the chair at board meetings. Under the new board the first meeting was held on the evening of July 1, 1900, Rev. Dr. Bickley in charge, with an attendance of 23 persons. From July 1, 1900, to April 17, 1901, 325 services were held, 515 persons attend-

ing, making an average attendance of 15. From April 17 to May 5 no services were held because of the flood. From May 5 to July 1, 1901, 51 services were held; number in attendance, 513; average 11.

Twenty-two ministers and three evangelists have assisted in the work during the year, many of them quite a number of times, amounting in all to 107 services.

During the year there have been many conversions and many requests for prayers and we believe much good has been done, the extent of which may never be known this side of the "Pearly Gates," but some time, some where, all things will be made plain and we shall know as we are known.

Because of the resignation as chairman of Mr. Bouquard an election was held May 31, 1901, and the following persons elected on the board: Chairman, Mrs. Nan H. Dye; Assistant Chairman, Miss M. Putnam; Recording Secretary, Miss Frieda Wittig; Treasurer, Chas. H. Newton; Organist, Mrs. C. D. Webster; Assistant, Earle Spies; Messrs. Callender, Stanwood, Bouquard, Mesdames Turner, Ogle, Beagle and Wendelken.

Running expenses foot up during the winter months in the neighborhood of \$15, during the summer about two dollars less. That God is blessing the work is evidenced in that means are always forthcoming to carry on the work. We are hoping for yet greater things and believe that in the near future we shall be able to own a building of our own thus doing away with expense of renting. We also look forward to having a Rescue or Refuge department in connection with the work which may always be found open and ready to receive the homeless wanderer.

We are encouraged to persevere and to hold fast thereto that which we have attained, knowing our leader will lead us on to certain and sure victory. As a Mission Board we gratefully acknowledge ourselves debtors to the many who have so generously assisted in the work in any way and ask a continuance of favors.

MRS. NAN H. DYE,
Chairman Mission Board.

YOUNG BOY

Charged with Stealing Large Bunch of Socks.

Otto Linger has been arrested for a burglary of the Diamond Pants Co. last Saturday and Monday nights by which he and another boy, whose name is withheld by the police who are hunting for him, are said to have obtained 47 dozen pairs of socks which they sold to parties in the city. Another boy, Arthur Cludester, is held as a witness. He knew of the crime, but had no part in it. The boys effected an entrance to the basement of the building whose fastenings were unsecured, and took the articles which happened to be placed there in preparation to moving.

The boy arrested is 17 years old. His accomplice is but 13 or 14. Linger's home is at Mile Run and his true name is said to be Ellston. He has confessed the whole crime and is in the city jail awaiting his punishment. The police are to be congratulated on the rapidity with which they have acted in the matter.

SO HOT

Is the Air in Kansas That it Cannot Rain.

By Associated Press.

Kansas City, Mo., July 13.—Despite local thunder storms accompanied by a slight rain fall in western Missouri last night, the drought that is burning up vegetation in Missouri, Kansas and Oklahoma is still unbroken.

The Kansas City weather observer says: "The atmosphere is uniformly heated to such a great altitude that it makes precipitation almost impossible. Clouds may gather and a few drops of rain may fall, but the lower stratum of air is so hot that the rain drops would be transformed to vapor in passing through it."

No relief is in sight and the situation becomes worse each hour. Several days ago a one fourth corn crop in Kansas was hoped for. The estimate now must be still further reduced. A prayer for rain will be offered in scores of churches in Missouri and Kansas tomorrow.

FAILED

To Agree after Three Days

AND ADJOURNED,

Did Conference Between the Workers

AND THE STEEL COMPANIES.

President Shaffer Orders all Members to Continue the Strike.

By Associated Press.

Pittsburg, July 13.—After a three days' session, the conference between representatives of the American Sheet Steel Co., the American Steel Hoop Co. and the American Tin Plate Co., subsidiary companies of the United States Steel Corporation, and the general executive board of the Amalgamated Association of Iron and Steel and Tin Workers adjourned finally at six this evening without reaching an agreement.

In less than an hour later President Shaffer, of the Amalgamated Association, wired the following to all Amalgamated lodges in the Tin Plate and steel sheet mills of the country:

"Notify your men that the mill is on a strike and will not work Monday, July 15."

For the present President Shaffer says that only three of the companies named will be affected, but later all union men in the Federal Steel Co., the National Steel Co. and the National Tube Co. may be called out if found necessary to resort to extreme measures to win the fight.

At the start it was claimed that 45,000 skilled workmen and 30,000 unskilled men and indirectly many thousands more, would be affected.

The manufacturers at conclusion of the conference expressed doubt that the general members of the Amalgamated Association would support the executive committee in its demands. In reply Shaffer read a telegram expressing confidence and support from officers and members of one of the largest lodges in the country.

The workmen, they claim, have been in readiness for the struggle ever since the first breach occurred in the plant of DeWees Wood last spring. Shaffer says it was then difficult to prevent a general strike of the men in all the mills of the greater steel combine. He believes that the strike order will find instant response in every plant affected. A week will be required to reach all the men to be ordered out.

As soon as the mills shut down the shipments of raw material, of coal and coke, for various plants will cease. It is said that the depression in this respect is looked upon as threatening more serious results than the simple closing of the mills.

MACKSBURG FIELD.

Special to the Leader.
Macksburg, O., July 13.—Patton & Co. have the rig up for No. 2 James Gordon.
Dunn located his No. 6 William Wip-er.
O. C. Dunn has located his No. 5 George Hesson.

MARIETTA FIELD.

Special to the Leader.
Marietta, O., July 13.—Titely, Black & Co. have started the rig for No. 1 B. Williamson.
The Minch Oil Co. started spudding on its No. 2 Spindler farm.
The Little Oil Co. has the rig up for No. 1 Emmons farm. Both are on Half Way run.

ELM RUN FIELD.

Special to the Leader.
Elm Run, W. Va., July 13.—Pat-terson and Tait Bros. No. 7 D. C. Paw is drilling.

HEBRON FIELD.

Special to the Leader.
Hebron, W. Va., July 13.—The Car-ter Oil Co.'s No. 1, Jas. McMullen is through the Cow Run sand and dry.

BULL CREEK FIELD.

Special to the Leader.
Bull Creek, W. Va., July 13.—J. King & Co.'s No. 8 E. Sharp farm is finished and dry at a depth of 840 feet, Cow Run sand.

CAIRO FIELD.

Special to the Leader.
Cairo, W. Va., July 13.—The Clark Oil Co. is drilling its No. 1 James.
Dorr, Moore & Wilson's No. 11 is dry in the Keener. It will make about five barrels in the salt sand.
The same company has the rig up for its No. 1 on the Robert Rinehart.

CALCUTTA FIELD.

Special to the Leader.
Calcutta, W. Va., July 13.—Grayson and the South Penn Oil Co. are making a test well of their No. 3 S. W. Pratt farm, which was dry in the Cow Run sand. They intend to drive the big stem to China unless they find oil or gas in America.

K. T. Edwards and the Tuder Co. are drilling their No. 17 M. E. Bach-man.

The Octo Oil Co. is drilling its No. 19 Sol Peibel.
Mallory Bros. drilled in their No. 10 barrel well. They are building a rig for their No. 14 same farm.

SAND HILL FIELD.

Special to the Leader.
Sand Hill, O., July 13.—The Alta Oil Co.'s No. 2 Geo. Posey has its rig up.

The well on the Alva Master farm in the vicinity of Roxbury was drilled in Friday by Jennings Bros. It was a dry hole but gave a good showing for oil.

The well on the John Lightner farm was expected in yesterday.

Dual & Stewart have drilled in a well on the Long farm on Flint Run, west of Beverly. They got 30 feet of sand and a good showing of oil.

The Hendson Oil Co. was drilling in a well last night on the Dye heirs.

TIE GAME

Saints Played With Sisters- ville.

The game at Sistersville yesterday was rather disappointing in that no one was able to tell who won. Owing to the confusion and excitement attendant on the game it was thought that Sistersville had won by a score of 15 to 14, but on closer examination it was found that the score was 14 to 14 and Sistersville had a turn at bat yet to take.

The umpire called the bats off and the boys returned home happy. Elston pitched the first four innings, when he was obliged to retire to rest his arm and Mann went in and was hit at a pretty good rate. The Saints' strong point is batting, while their weakness is in the field.
